TESORO™
The Collection

LuxWood
Engineered Composite Flooring

Plank Size	Thickness	Wear Layer
7.25" x 48"	6.5mm	20Mil

100% Waterproof

- Durable UV Ceramic Bead Top Layer
- Heavy Duty 20Mil Wear Layer
- High Definition Decorative Paper
- High Density Rigid Stone Core Technology
- 1.5 EVA Foam Pad

- 100% waterproof floor that looks and feels like real hardwood.

- Can be installed in virtually any room in the home or business including kitchens, bathrooms and basements.

- Quick and easy to install! It features a Unilin® Click locking installation method that can be installed immediately with no acclimation waiting time needed.

- Planks are extra rigid and can be installed directly over most existing subfloors with no sub-floor telegraphing concerns (See installation details for further information regarding your application).

- Does not require glue, nails or underlayment for installation. To cut the product, simply score it with a knife and snap, or use a laminate flooring cutter.

- Luxwood has an anti-microbial coating on top and a pre-attached foam underlayment for a quieter, warmer floor.

- Floorscore® certified and formaldehyde free (meets California Air Resource Board requirements).

- Easy to maintain, simply sweep or wet mop.

- Installation
  - Floating UNILIN® click technology

- Construction
